Cautions

1. The earbuds should be stored in a dry and ventilated environment to avoid oil, water, steam, moisture, and dust.

2. Avoid using stimulants, organic solvents, or items containing these ingredients to clean the earbuds.

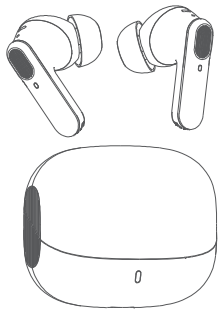

3. Use the earbuds according to the specified requirements correctly and consider the environmental impact on the earbuds. To ensure a smooth connection, it is recommended to keep the distance between the phone and earbuds within 10 meters.

4. If there are any issues during the earbuds' connection, do not disassemble the earphones or their accessories without authorization, as this will void the warranty.

5. When recharging the earbuds, use the standard USB charging cable or the one specified by the company to ensure compatibility.

6. To ensure normal use of the earbuds, make sure that the earbuds' battery is sufficiently charged.
