Product Specifications

Product Name	Lenovo Open True Wireless Bluetooth Headphones
Product Model	EA305
Earbuds Size	40mmX47mmX29mm
Earbuds Battery	55mAh
Earbuds Input	5V=55mA
Driver Unit	10mm
Bluetooth Version	Bluetooth V5.4
Transmission Distance	≥10M
Charging Case Size	85mmX39mmX34mm
Charging Case Battery	400mAh
Charging Case Input	5V=400mA
Sensitivity of Receiving	>92dB
Sensitivity of Microphone	-42dB±2dB
Respond Frequency	20Hz-20KHz

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) This device must accept any interference received, including interference that may cause undesired operation.  
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.  
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.  
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
- Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
- Consult the dealer or an experienced radio/TV technician for help.  
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction
