

## PACKAGE CONTENTS CONTENU DE LA BOÎTE

1x LED Portable Bluetooth Speaker  
1x USB A-C Charging/Power Cable

### Product Specification

Bluetooth: 5.3  
Wireless working distance: 10m  
SNR: (Signal to Noise Ration) ≥ 90db  
Speaker Drivers: Ø 45mm x2  
Frequency Response: 120Hz - 20KHz  
Power: 4Ω / 5w x2

Battery: 3.7v / 2500mAh  
Charging: 5v / 500mA

Unit Size: 76mm x 76mm x 221mm  
Unit Weight: 520g

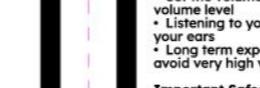

## CONTROLS LES CONTRÔLES

- ① 1: USB C Connection: Use provided cable to charge the battery or power the speaker
- ② 2: USB Pen Drive: Play MP3/WAV format
- ③ 3: TF Memory Card: Play MP3/WAV format

## SETUP INSTALLATION

### Bluetooth

- 1: Press and hold the power button. The speaker will confirm you are in Bluetooth mode.
- 2: Go to Bluetooth settings on your chosen device and select - **STY-B5250**
- 3: The speaker will confirm that your device is connected

if you receive a call whilst music is playing you can answer by pressing the Power button on your speaker, to end the call simply press the same button.

### AUX Connection

- 1: To connect the speaker to a chosen device using a 3.5mm - 3.5mm cable (sold separately) insert one end into a compatible device and the other end into the **AUX port (#4)** on the speaker. This should connect instantly and ready for use.

To switch between AUX and Bluetooth, just press the **Mode (#7)** button once.

### Charging

- 1: Using the provided cable, insert the smaller end into the **USB C port** on the speaker and the larger end into a free **USB A port**.

The speaker will signal its charging with a circular LED glowing red next to the **USB C Connection (#1)**. When fully charged the light will turn off.

To power off - press and hold the power button

To adjust the LED lights, press the light button in single increments  
Please Note: The battery lasts much longer with the LED lights turned off.

### Warranty

This product is guaranteed for a period of one year from the date of purchase. During this period if there is a defect due to faulty materials, or workmanship the retailer from whom you purchased it will replace it with the same or a similar model on production of your purchase receipt or proof of purchase. The guarantee does not cover defects arising from accidental damage, misuse or wear and tear, and is available only to the original purchaser of the product. This does not affect your statutory rights.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

### Federal Communication Commission

#### Class B Interference Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

### Canadian ICES Statements

#### Canadian Department of Communications Radio Interference Regulations

This digital apparatus does not exceed the Class B limits for radio-noise emissions from a digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications. This Class B digital apparatus complies with Canadian ICES-003.

### Règlement sur le brouillage radioélectrique du ministère des Communications

Cet appareil numérique respecte les limites de bruits radioélectriques visant les appareils numériques de classe B prescrites dans le Règlement sur le brouillage radioélectrique du ministère des Communications du Canada. Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### Recycling

Where you see this symbol on any of our electrical products, batteries or packaging, it indicates that the relevant electrical product or battery should not be disposed of as general household waste in the EU or Turkey. To ensure the correct waste treatment of the product and battery, please dispose of them in accordance with any applicable local laws or requirements for disposal of electrical equipment/batteries. In so doing, you will help to conserve natural resources and improve standards of environmental protection in treatment and disposal of electrical waste.

### Charging

The recycling and processing of Waste Electrical and Electronic Equipment will make a significant contribution towards helping protect the environment by reducing landfill waste.

Not recommended for children under 6 years of age.
