

Since this device is always used with vehicle, it is not sold to general end users separately.  
Therefore there is no user manual of this device by alone.

The following statements must be described on the user manual of the vehicle.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| This device complies with part 15 of FCC Rules and Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:<br>(1) this device may not cause harmful interference, and<br>(2) this device must accept any interference received, including interference that may cause undesired operation.                                                                                              |
| Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.                                                                                                                                                                                                                                                                                                                  |
| This equipment complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules.                                                                                                                                                                                                                                  |
| This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.                                                                                                                                                                                                                                                                                                                                                |
| This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.                                                                                                                                                                                                                                                                                                                                                          |
| Le présent appareil est conforme à la partie 15 des règles de la FCC et aux normes des CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence.<br>L'exploitation est autorisée aux deux conditions suivantes :<br>(1) l'appareil ne doit pas produire de brouillage, et<br>(2) l'appareil doit accepter tout brouillage subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. |
| Cet équipement est conforme aux limites d'exposition aux rayonnements énoncées pour un environnement non contrôlé et respecte les règles les radioélectriques (RF) de la FCC lignes directrices d'exposition et d'exposition aux fréquences radioélectriques (RF) CNR-102 de l'ISDE Cet équipement doit être installé et utilisé en gardant une distance de 20 cm ou plus entre le radiateur et le corps humain.                                                   |
