Subject: Response to Inquiry to FCC (Tracking Number 835579)

Inquiry on 11/03/2017 :

Inquiry:

Dear FCC Reviewer,

We have a professional Bluetooth multi-position speaker system is submitting for FCC ID certification,

our product has a entire dimension as : H*W*D = 13 *9.5*11.2 inch.

But the area where use to put rating label is very small, the rating label size is L*W = 113mm * 18 mm,

Then we cannot put "FCC statement" sentence on the rating label, so we have to put "FCC statement"

into our product user manual, we have similar design before which approved by FCC.

I attached rating label artwork, product picture in my email,

Can you please review if FCC official can accept our solution that put "FCC statement" to user manual

since the rating label area is too small, thank you.

Looking forward to your feedback in advanced!

(Please help to keep attachment as confidential since the product is on design phase)

Best Regards

Steven Wang

FCC response on 11/03/2017

Yes this is acceptable.
