Dear Johnny,

Thank you for your response to the referenced application. Please see below follow-up question pertaining to your submittal.

Follow-Up RT:

1. We note, however, that an apparently functioning WLAN is also shown on p.12 of the schematics. Unlike the BT shown there, it does not appear to be disabled. Is this the case? Please address.

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,
