In re: **NEC America, Inc.**  
**FCC ID: A98-KMP6J1F1-1A**  
**FCC Part 22 & 24 Certification**  
**Request for Confidentiality**

Gentlemen:

In accordance with 0.459 of CFR 47, NEC America hereby requests confidentiality of the Block Diagrams, Circuit Diagrams, and the Circuit Descriptions attachments for the subject application.

Those documents contain detailed system and equipment description and related information about the product which NEC America considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis from which future technological products will evolve, NEC America considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Jim Helm  
Assistant General Manager  
Wireless Engineering Division
