

Canopy 5.2GHz Lens Cover Letter for Permissive Change:

Motorola is reporting to Elite Electronic Engineering Inc., a Class II permissive change for the Model 5200xx Canopy radio (Wireless Ethernet) to be compliant with RSS-210 Issue 5 section 6.2.2(o) Amendment and FCC part 15.407. The change is the increase of a 9dBi EIRP enhancement through a passive dielectric antenna in addition to our internal integral antenna of 7dBi for a total of 16dBi.
