

## **Canopy 5.7GHz Lens Cover Letter for Permissive Change:**

Motorola is reporting to Elite Electronic Engineering Inc., a Class II permissive change for the Model 5700xx Canopy radio (Wireless Ethernet) to be compliant with RSS-210 Issue 5 section 6.2.2(o) Amendment and FCC part 15.247. The change is the increase of a 10dBi EIRP enhancement through a passive dielectric antenna in addition to our internal integral antenna of 7dBi for a total of 17dBi.
