Subject: Application for Certification of Transmitter with FCC ID: ABZ99FT3082;
VHF Mobile (136 – 174 MHz), 25 – 54 Watts Variable Power

Dear Sir or Madam:

Motorola Inc., 1313 East Algonquin Road, Schaumburg, Illinois, herein submits
application for Certification of equipment identified by FCC ID number ABZ99FT3082.

This transmitter is primarily intended for use in a mobile radio application with
capabilities for conventional and 2 to 1 TDMA digital communications with a conducted
transmit power which is adjustable from 25 Watts to 45 Watts nominal, 54 Watts
Maximum. Please note that this radio will also be sold to NTIA customers.

There are two models using the same transmitter – one with a GPS receiver and one
without.

The subject transmitter complies with CFR Title 47, Section 90.203, in that the operator
cannot directly program the transmit frequencies using only the normally accessible
extern controls of the unit.

Enclosed is a complete Certification Application. Please contact me if you require any
additional information.

Sincerely,

/s/Donna Tokarz(signed)
