Having the subject information easily available to 'competition' would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Short Term Confidentiality:

The applicant requests the exhibits selected above as short term confidential be withheld from public view from the date of the Grant of Equipment Authorization and prior to marketing until July 30, 2017. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public.
