
RF Exposure Evaluation

June 6, 2012
AVG-12-U025

UL CCS
47173 Benicia Street
Fremont, CA. 94538

Equipment Name: Multimedia System, Model UN-W700
FCC ID: ACJ-UN-W700
FCC Rule Part: FCC Part 15, Subparts B and C
Transmitter Description: Integrated Radio Transceiver, Type BCM4330, which supports
2.4 GHz WLAN and Bluetooth Wireless Systems

To Whom It May Concern:

This Multimedia System should be used keeping at least 20cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles). The User Manual is provided with FCC RF exposure warning, which will advise that a minimum of 20 cm (8 inches) spacing must be maintained between antenna and all person's body (excluding extremities of hands, wrist and feet) during wireless modes of operation.

However, since there is a possibility to be used within 20cm from person's body, this device was performed RF exposure SAR evaluation as a portable device for safety sake.

Thank you for your attention to this matter.

Sincerely,

Richard Mullen
