Dear Dennis-san,

Thank you very much for your comments.

We want to answer as follows.

Regarding comment 1, it is difficult to put the 2 condition statements on the product because the product has patterned indented and rounded surface.

Regarding comment 2, we show below statement on the test report(P.5).

These test were also referred to FCC Public Notice DA 00-705 "Guidance on Measurement for Frequency Hopping Spread Spectrum Systems".

Regarding comment 3, the manual we provided is draft that we are going to print finally.

Please let us know shortly, if you have any more comments.

Best regards,

UL Japan, Inc.

Hi Daiki / Yoshi

11/14/07

I am about finished with the review. If I find any issues with the remainder of the application I will let you know shortly.

Thanks [attachment "11-13-07 AK8CECHZC2_ATCB Comments.pdf" deleted by Daiki Kawabe/ISE/ULI]
