

# ***Test setup photos of EUT***

## 1. Orthogonal planes of EUT

- The testing was set in the three orthogonal planes and measured for each position (X, Y, Z).

### A. X- axis

### B. Y-axis

## C. Z-axis

## 2. Worst case of orthogonal planes each frequency band

- Test setup photos for each mode were reported as representative worst axis after radiated measurements for each position were complete.

### A. Radiated Spurious Emission (Below 1 GHz)

### B. Radiated Spurious Emission (Above 1 GHz)

## 3. AC Power Line Conducted Emission
