RE: FCC ID: AK8PCG481L
Attention: Keijiro Kumagai

I have a few comments on this Application.

1. Please note that you have not provided the actual FCC ID label drawing. Please provide an FCC ID label drawing with the actual FCC ID number on it.
2. Please note, the antenna for the WLAN is in the upper portion of the LCD. This means that under normal use the antenna will be ore than 20cm from the body. Unless the device transmits when the LCD screen is closed, there is not need for SAR measurements to be made for this device. Please verify that the device is capable of transmitting when the LCD is in the closed position.
- 3.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
