Re: Kenwood TK-2302

ALH413500

Parts 22 & 74

To; Whom it may concern

Kenwood markets Land Mobile Radios through authorized Dealers to industrial or "Controlled" users. These radios are not distributed through "Public" distribution channels. As such, all users are trained for Occupational SAR levels to meet OET 65 requirements. The instructions are included with the Owner's Manual supplied in the box with each radio device.

Thank you,

Joel Berger
