ATTN.: Reviewing Engineer

FCC ID: APIJBLGO4D
IC: 6132A-JBLGO4D
HVIN(s)/Model(s): GO4D

We hereby request C2PC Certification for the above mentioned HVIN(s)/Model(s).

The reason for this request is:

The change under this application as following:
Changed the mainboard circuit (Please refer to the "Detail difference").

There is no RF parameter change to the operating frequency band, rated radiated and conducted output power of the device. This change based on engineering judgment that Radiated Emission (below 1 GHz), Power Line Conducted Emissions need to test.

Kind regards

Signed: 
Terry Shi
