ATTN.: Reviewing Engineer

FCC ID: APIPBENCOREES

We hereby request C2PC Certification for the above mentioned FCC ID,
originally granted on 01/12/2022 (date)

The reason for this request is:

The change under this application as following:

1. Add a power board for alternative use, which has the similar functions with original one, but coming from different provider.
2. Changed RGB light board

There is no RF parameter change to the operating frequency band, rated radiated and conducted output power of the device.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Kind regards

Signed:
