Gentlemen,

Raytheon Marine Company intends to manufacture and distribute a fixed mount Marine VHF Transceiver, model RAY53, which will incorporate Digital Selective Calling as mandated by title 47, part 80 section 225 of the Code of Federal Regulations.

We attest and declare that the RAY53 meets the requirements of RTCM Paper 56-95/SC101-STD, as specified in title 47, part 80 section 225 and all applicable standards and requirements identified therein.

Sincerely,

John P. Stohrer
Product Line Manager, Communications
