Overview

This application is for an original limited modular approval of an 802.11(b) radio in the Hewlett Packard handheld sp400f All-in-One Scanner Printer. The 802.11(b) radio, M/N: WLNb-AN-DP101-G, has a full modular approval under DPAC Technologies FCC ID: RTTAB-WLNb. Hewlett Packard will be using the 802.11(b) radio in their device with a new integral antenna that satisfies the requirements of 47 CFR 15.203. Emissions testing was performed with the radio in the Scanner Printer model sp400f. The Hewlett Packard FCC ID is B94CE190A.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Short term confidentiality requested.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
