Notice#1

Hi Tim,

This has just come to my attention and I have resolved the questions. The replies are following the questions in the email below.

Thanks and kindest regards,
September

Subject: TPL COMMUNICATIONS, FCC ID: BBDRC31FE, Assessment NO.: AN06T6391, Notice#1

Hello Mike,

Please reply to the following items.

1. There is an IC number on the label, but no IC application on file yet. Is there one coming?
Answer:
There will be an IC application following soon, but it is not ready yet, testing has just been completed in the last few days. For now, please do not worry about the IC application.

2. Part 22 E and F allow operation only from 152-153 and 157-159 MHz. Please confirm that these are the frequency ranges which should be listed on the grant for operation under Part 22.

Answer:
It is ok (Part 22 E and F allow operation only from 152-153 and 157-159 MHz).
This EUT has the same frequency ranges as previous grant of FCC ID: BBD31AE.

Thanks,

Tim

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Hi September,

Thanks. I'll finish it up on Wednesday.
