Subject: Follow-up information

1. Thank you for your email. We note, however, that, while the cellular and PCS band body SAR data in the new report is the same as in the original report, the separation distance in the new report is listed as 2.0 cm for all tests, while it was 1.5 cm in the original report. How can the same data have been taken at different distances? Which is correct?
[==> We confirm the Body SAR separation distance is 2.0 cm.](#)
2. Page 16 of the Part 15B Test Report has incorrect FCC ID. Please re-submit.
[==> Please find the revised Part 15B Test Report.](#)

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
