**Subject: Class II Permissive Change for FCC ID: C3K00002101**

This is to request a Class II Permissive Change for limited modular approval FCC ID: C3K00002101, originally Granted on March 26, 2025.

The intent of this application is to enable the modular certified FCC ID to be integrated in Microsoft Portable Computing Devices Model Nos. **2109 and 2110**, subject to portable category SAR conditions. The module installed into these devices is mechanically and electronically equivalent to the original certified module. The devices use antenna gains that are lower than the peak gains mentioned in the module application.

Radiated Spurious Emissions data (system level), band edge data and SAR test data is being submitted with this application according to the FCC guidance for integration of limited modular transmitter.

Sincerely,

*Chaitrali Limaye*
