Authorization for Use of Intel WLAN TAS Algorithm

To Whom It May Concern:

This letter authorizes Microsoft Corporation to integrate the Intel WLAN TAS algorithm in the model 2107 Wireless LAN module using **FCC ID: C3K2107**.

Intel WLAN TAS algorithm implemented in the Intel Wireless LAN module using **FCCID: PD9BE201D2P** approved by FCC on 8/21/2024.

No changes will be made to the current version of Intel's WLAN Time Averaging SAR (TAS) algorithm and associated module. The Intel WLAN TAS algorithm to be implemented shall be the same algorithm evaluated by the Federal Communications Commission.

If any questions concerning this authorization letter, please contact me below.

A handwritten signature in black ink, appearing to read "Benjamin Lavenant", with a stylized flourish at the end.
