For the label print, page 2 of this exhibit, Refer to picture file "EXA_LabelPrint.doc"

The FCC Identifier assigned to the EUT is FCC ID: CB2W211HL3. This number will be imprinted on the 1.0" x 1.5" high temperature polyester matte white label.

Because of the small size of the device and because the installation is inside a portion of the automobile, the following statements will appear in the user's manual. Refer to Exhibit D for the entire text of the user's manual.

"This device complies with FCC rules Part 15. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference that may be received including interference that may cause undesired operation.

WARNING: The transmitter has been tested and complies with FCC and IC rules. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the device."

LABEL LOCATION

The label will be permanently affixed to the cover of the plastic housing of the transmit PCB.
