RE: REQUEST FOR PERMISSIVE CHANGE TO FCC ID: DDE-GTX900

Dear Madam or Sir,

We are requesting a permissive change to grant FCC ID: DDE-GTX900 for the addition of emission designator 256KF8E. The original omission was clerical in nature and there have been no hardware or software changes to the product since the original grant was made.

Thank you for your consideration,

Perry Priestley
Chief Operating Officer, BEI Electronics, LLC
