Re: About the modification of MOUSE

Gentlemen:

I, hereby, declare that all modification on the E.U.T.,
FCC ID: F2Q4NE993DUSB, will be added or layout on the mass production
products. Modifications are shown as below:

1. J3 VCC END is connected to ground with a 33PF capacitor.
2. PD2 + is connected to PQ2 VCC pin with a 680 resister.

Sincerely yours

John Lee
Electronic Engineer
