Request for Tech. Info.: 7/28/00**

Dear Andy:

Transmitted herewith, on behalf of LG Information & Communications, Ltd. is an amendment in response to the request for technical information dated, July 28, 2000.

1. We re-measured the ERP with the 27dBm conducted power (AMPS mode) and attached is the amended ERP data (0.56W). We were informed by LGIC (see attached) that there were no phones sold or marketed under the original grant (EA97300). Attached is a letter from LGIC with the original grant.
2. Attached are the test plots showing the revised peak body SAR locations. Please note that the maximum peak SAR value are the same.

We trust this information is sufficient to reissue the grant ASAP. If you have any further questions, please do not hesitate to contact us.
