## Qualification Statement EN1550EP

FCC: HCQ3B60T9EPT

IC: 2309A-OT0EPT

The EN1550EP pulse transmitter is being added to the Inovonics wireless device offering to satisfy the demand for a pulse counter which can be used for water submetering applications in mixed use developments.

The EN1550EP EchoStream® Encoded Pulse transmitter is a wireless, lithium battery-powered transmitter, that is compatible with Neptune T-10 meters, and enables property owners to deploy a single Inovonics submetering system for mixed use developments.

Sincerely,

A handwritten signature in black ink, appearing to read 'Corey Leavitt', with a long horizontal flourish extending to the right.

---
