RE : Certification Application
FCC ID : **HD570ELGN**

To Whom It May Concern,

Pursuant to sections 0.457 and 0.459 of CFR 47 and to avoid premature release of sensitive information prior to marketing or release of the product to the public, the applicant requests the following documents contained in this certification application be temporarily withheld from public disclosure for an initial period of 180 days from the date of grant:

- ◆ External Photos
- ◆ Internal Photos
- ◆ Test Setup Photos
- ◆ User Manual

The application contains technical information, which Honeywell International Inc deems to be trade secrets and proprietary. If made public, the information might be used to the disadvantage of the applicant in the market place.

We are informed and understand that we have to arrange cancellation of the short term confidentiality classification per written and timely request to the involved TCB, if a product release to the market is intended prior to the above specified short term confidentiality release date.

We understand that the above listed exhibits will be automatically disclosed to the public at the specified short term confidentiality release date if not prolonged by the involved TCB upon our timely request (total of 180 days from date of grant is possible).

Sincerely,

—
