

RT for project: AN03T3362 Quanta HFS-G50

Subject:

For your info, SAR test plots 1 p1 to 5 quoted wrong SN number for calibration dipole it shall be 2d062, not 2d069 according to attached dipole data.

For your info, Test report p15 used wrong conductivity target value. It shall be 1.4 per Supplement C, not 1.38. Please correct it in future submission.

Best Regards
