Gina, I am sorry that I was not clear, but the 2 groups of applications for Quanta Computer include HSPA operations and require FCC Permit But Ask procedure. I am waiting for the FCC to reply. Historically the FCC recommends that we allow 2 weeks for their process. I will continue processing as soon as the FCC completes their PBA process.

I have noticed that you are using a new e-mail address (@ccsrf.com). Do the old email addresses still work? I will update my records.

Best regards,

Chris Harvey
