

Safety Information & Regulatory Notices

Safety Information - English

Your CTL Meet Compute System is designed and tested to meet the latest standards of safety for information technology equipment. However, to ensure your safety, it is important that you read the following safety instructions.

Setting up your system

- Read and follow all instructions in the documentation before you operate your system.
- Do not use this product near water or a heated source.
- Set up the system on a stable surface.
- Openings on the chassis are for ventilation. Do not block or cover these openings. Make sure you leave plenty of space around the system for ventilation. Never insert objects of any kind into the ventilation openings.
- Use this product in environments with ambient temperatures between 0°C to 35°C.
- If you use an extension cord, make sure that the total ampere rating of the devices plugged into the extension cord does not exceed its ampere rating.

Care during use

When using this CTL Meet Compute System, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

- Do not place the device on an uneven or unstable surface.
- Do not use this device near water.
- Do not spill water or other liquids into or on the device.
- The device may produce some heat during normal operation or charging. If you feel the device is too warm, avoid sustained contact with exposed skin otherwise this might cause discomfort, or eventually a burn.
- Clean only with a soft cloth. If needed, dampen the cloth slightly before cleaning. Never use abrasives or cleaning solutions.
- Always disconnect the device from an electrical outlet and power off before cleaning the device.
- Do not handle the device with wet hands while it is being charged. This may cause an electric shock.
- Refer all servicing to qualified service personnel. Servicing is required when the device has been damaged in any way such as:
 - Power-supply cord or plug is damaged.
 - Liquid has been spilled into the device.
 - The device has been exposed to rain or moisture.
 - The device does not operate normally.
 - The device was dropped or the chassis is damaged.

Warnings

Lithium-Ion Battery Warning

CAUTION: Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer. Dispose of used batteries according to the manufacturer's instructions.

NO DISASSEMBLY

The warranty does not apply to the products that have been disassembled by users

DO NOT throw the CTL Meet Compute System in municipal waste. This product has been designed to enable proper reuse of parts and recycling. This symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment, and mercury-containing button cell battery) should not be placed in municipal waste. Check local technical support services for product recycling.

Regulatory Information

Federal Communication Commission (FCC) Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Changes or modification not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

Innovation, Science and Economic Development (ISED) Statement for Canada

This device complies with Innovation, Science and Economic Development Canada (ISED) license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAN ICES-3 (A)/NMB-3(A)

Regulatory Information

Radio Frequency Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operated with any other antenna or transmitter.

ISED Radiation Exposure for Canada

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operated with any other antenna or transmitter.

Le rayonnement de la classe b respecte ISED fixaient un environnement non contrôlés et mise en oeuvre de ce matériel devrait avec échangeur distance minimale entre 20 cm ton corps. Lanceurs ou ne peuvent pas coexister cette antenne ou capteurs ave d'autres.

Operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

La bande 5 150-5 250 MHz est réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

For the frequency 5600-5650 MHz, no operation is permitted
Pour la fréquence 5600-5650 MHz, aucune opération est autorisée.

Wireless Operation Channel for Different Domains

N. America	2.412-2.462 GHz	Ch01 through CH11
Japan	2.412-2.484 GHz	Ch01 through Ch14
Europe ETSI	2.412-2.472 GHz	Ch01 through Ch13

Regulatory Information

Function	Frequency	Maximum Output power (EIRP)
WIFI	2412-2472 MHz	15.88 dBm
	5150-5350 MHz	19.30 dBm
	5470-5725 MHz	19.50 dBm
Bluetooth	2402-2480 MHz	5.01 dBm

EU Compliance Notice

Restrictions and Requirements under Directive 2014/53/EU

 The device is restricted to indoor use only when operating in the 5150 to 5350 MHz frequency range in countries:

(English) Manufacturer's Declaration of European Conformity (CE)

CTL Declares that this product is in conformity with all the requirements and essential norms that apply to the EU Council Radio Equipment Directive 2014/53 on the approximate laws of the member state relating to radio equipment.

The full text of the EU Declaration of conformity is available at the following internet address:

[CTL Meet Compute System EU DOC and Manual](http://ctl.re/Phfje3)

<http://ctl.re/Phfje3>

(Français) Déclaration de conformité européenne du fabricant (CE)

CTL déclare que ce produit est conforme à toutes les exigences et normes essentielles qui s'appliquent à l'équipement radio du Conseil de l'UE Directive 2014/53 sur les lois de rapprochement des États membres relatives aux à l'équipement radio.

Le texte complet de la déclaration de conformité UE est disponible à l'adresse suivante: Adresse Internet suivante: [CTL Meet Compute System EU DOC and Manual](http://ctl.re/Phfje3)
<http://ctl.re/Phfje3>

(Español) Declaración del fabricante de conformidad europea (CE)

CTL declara que este producto cumple con todos los requisitos y normas esenciales que se aplican a los equipos de radio del Consejo de la UE. Directiva 2014/53 sobre las leyes aproximadas de los estados miembros relacionadas al equipo de radio.

El texto completo de la Declaración de conformidad de la UE está disponible en la siguiente dirección de Internet: [CTL Meet Compute System EU DOC and Manual](http://ctl.re/Phfje3)
<http://ctl.re/Phfje3>

(Nederlands) Verklaring van de Europese Conformiteit (CE) van de fabrikant

CTL Verklaart dat dit product voldoet aan alle vereisten en essentiële normen die van toepassing zijn op radioapparatuur van de EU-Raad Richtlijn 2014/53 over de onderlinge aanpassing van de wetgeving van de lidstaat naar radioapparatuur.

De volledige tekst van de EU-conformiteitsverklaring is verkrijgbaar bij de volgend internetadres: [CTL Meet Compute System EU DOC and Manual](http://ctl.re/Phfje3)
<http://ctl.re/Phfje3>

(Deutsche) Herstellererklärung zur europäischen Konformität (CE)

CTL erklärt, dass dieses Produkt allen Anforderungen entspricht und wesentliche Normen, die für die Funkausrüstung des EU-Rates gelten Richtlinie 2014/53 über die ungefähren Rechtsvorschriften des betreffenden Mitgliedstaats zu Funkgeräten.

Der vollständige Wortlaut der EU-Konformitätserklärung ist unter www.europarl.europa.eu verfügbar folgende Internetadresse: [CTL Meet Compute System EU DOC and Manual](http://ctl.re/Phfje3)
<http://ctl.re/Phfje3>

(Italiana) Dichiarazione di conformità europea del produttore (CE)

Dichiarazione di conformità europea del produttore (CE) CTL dichiara che questo prodotto è conforme a tutti i requisiti e le norme essenziali che si applicano alle apparecchiature radio del Consiglio dell'UE Direttiva 2014/53 sulle leggi approssimative dello stato membro relative alle apparecchiature radio.

Environmental Regulatory Notices

ENERGY STAR® compliance

As an ENERGY STAR Partner, CTL has followed the EPA's enhanced product qualification and certification process to ensure that the products marked with the ENERGY STAR logo are ENERGY STAR qualified per the applicable ENERGY STAR guidelines for energy efficiency. The logo on the left appears on all ENERGY STAR-qualified computers.

The ENERGY STAR program for computers was created by the EPA to promote energy efficiency and reduce air pollution through more energy-efficient equipment in homes, offices, and factories. One way that products achieve this goal is by using a power management feature to reduce power consumption when the product is not in use.

All CTL products with the ENERGY STAR logo comply with the ENERGY STAR standard, and the power management feature is enabled by default. The monitor and computer are automatically set to sleep after 10 and 30 minutes of user inactivity. To wake your computer, click the mouse or press any key on the keyboard.

Additional information on the potential energy and financial savings of the power management feature can be found on the EPA ENERGY STAR Power Management website at

<http://www.energystar.gov/powermanagement>. Additional information on the ENERGY STAR program and its environmental benefits are available on the EPA ENERGY STAR website at <http://www.energystar.gov>.

Environmental Regulatory Notices

Environmental Regulation

REACH

Complying with the REACH(Registration, Evaluation, Authorization, and Restriction of Chemical) regulatory framework, we publish the chemical substances in our products at CTL REACH website, <http://www.ctl.net/corporateresponsibility/reach>

CTL Recycling and Takeback Service

Take Back Services

CTL's electronics disposition and disposal services include removal/recycling of qualified CTL electronics equipment, including rechargeable batteries and packing. CTL allows customers to optionally keep the hard drives associated with the system that is de-installed. Equipment and packing are cleansed and recycled/disposed of according to EPA standards. Visit <http://ctl.info/electronics-take-back/>

Rechargeable Battery Recycling

CTL offers stand-alone rechargeable no-cost rechargeable battery recycling services for customers in the US and Canada for all CTL products. CTL offers this service through a partnership with Call2Recycle. Call2Recycle has drop off locations within 10 miles of more than 87% of the US population. To find a location near you, visit <https://www.call2recycle.org/locator>

COATING NOTICE

IMPORTANT! To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.
