Re: Permissive Change application for HZB-US58-S60

Dear Sir or Madam:

Proxim Corporation hereby applies for approval for permissive change to HZB-US58-S60 product, due to our plan to replace the 100-00644-10 RF board with the new 100-00864-00 board. The change is intended for improving performance and reducing cost. Detailed description of the changes is included in the test report prepared by ITS. In this application, we are submitting schematics and parts list of the new board, updated product photos reflecting the changes, and a test report prepared by ITS.

Based on the nature of the changes, at ITS's recommendation, all relevant features of the product were tested as can be seen from the test report. Test result show full compliance to 15.407 and 15.247, and all other required rules parts called by the above mentioned rules.

Please contact the undersigned for any questions regarding this application.

Yours truly,

A handwritten signature in black ink, appearing to read "Caroline Yu".
