

Product specification

Quick Reference Data

Manufacturer	Lin Hang Da	
Antenna Type	Antenna module on the system board	
Frequency	2.45GHz*	
Vertical Polarization(dBi)	-2.5(XY-plane)	
Horisontal Polarization(dBi)	-1.5(XY-plane)	
Vertical Polarization(dBi)	-5.3(YZ-plane)	
Horisontal Polarization(dBi)	-1.2(YZ-plane)	

All the technical data and information contained herein are subject to change without prior notice

The approximate gain of this antenna is 0dBi Max.
