Re: Extension of Agere Systems Nederland Wireless LAN product,  
FCC ID: IMRWLPCE24H

Dear Sir/Madam,

Please find enclosed Application Form for Equipment Authorization and corresponding documentation as per attached list, for the extension of the ref. grant with an antenna as specified below:

Directional antenna from TELEX, model 2417N  
Antenna gain with fixed cable (30''): 6.5 dBi

Sincerely yours,

Bert Vos, Regulatory Certifications

Encl. See attached table

cc:

Date: 14Feb02

CONTENTS:

1. Application letter

2. RF Exposure

In the original application the following statement has been given, to be printed in the manual:

*When external antennae are connected to the wireless PC Card they shall be placed in such a manner to minimize the potential for human contact during normal operation. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20 cm (8 inches) during normal operation*

The applicable new antenna is covered by this, and thus no change required in the already available text.

3. FC test report:

- Report from Senton, no. 56305-20086-1 on use of Telex 2.4 GHz WLAN Directional Antenna.
- File 56305-20086-1 Annex A with photographs of EUT
