MAY 16 2012

Mr. Andy Leimer
Federal Communication Commission
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

The Federal Aviation Administration (FAA), Spectrum Engineering Services Group has received the GARMIN letter dated May 10, 2012, notifying the FAA of an application for Federal Communications Commission (FCC) certification of Garmin GMN-00676. This is an aircraft mounted X-band (9300 - 9500 MHz) Weather Radar, model GMN-00676, FCC ID: IPH-0126000.

The request is to certify a radar which is compliance with TSO C63c and RTCA DO 173. We have reviewed the request and have found no objection to the FCC granting certification of GMN-00676.

If you require any additional information, please contact Ms. Annette Allender, Electronics Engineer, Spectrum Planning and International Group, at (202) 267-3893 or via e-mail annette.allender@faa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Frazier".

Robert A. Frazier
Manager, Spectrum Planning
and International Group
