Date: September 18, 2015

SUBJECT: FCC Application for IPH-02849

To Whom It May Concern:

Regarding FCC ID IPH-02849 label placement for this application, Garmin wishes to place the label inside the battery compartment due to size, aesthetics, and durability. The equipment is sold without the batteries installed offering the end user exposure to the label before operation. The identifier label will be readily viewable each time the batteries are removed or replaced. This location will help ensure the longevity of the label as this equipment maybe stored or moved with ease.

Sincerely,

A handwritten signature in black ink that reads "Kyle Grabill".

Kyle Grabill
Director Product and Process Quality
