

E-Label Description

The following Instructions are provided in the user manual on how to access the e-label:

Viewing E-label Regulatory and Compliance Information

The label for this device is provided electronically. The e-label may provide regulatory information, such as identification numbers provided by the FCC or regional compliance markings, as well as applicable product and licensing information.

1. From the watch face, hold .
2. From the settings menu, select **System**.
3. Select **About**.

The e-label is displayed as shown in the following screenshot:

- C: The above information is programmed by Garmin in such a manner that third parties cannot modify it.

The regulatory information and dedicated exclusive application or script is secured and implemented in a factory-set-unalterable format. The regulatory information is capable of being retrieved and displayed locally, and under the control of the end user in possession of the product.

No special accessories or supplemental plug-ins (e.g. installation of a SIM/USIM card) are required to access the information. Access to the information is provided without special codes, accessories, or permissions beyond the normal security protection to unlock the screen, sign-in page, or overall product access.

Electronically displayed information is clearly legible without the aid of magnification.

D: The above M/N, FCC ID, and IC numbers can be found printed on the product packaging and included documentation.
