FCC Rules: Parts 2 and 25

To Whom It May Concern:

This application submittal provides documentation in support of a Class II permissive change to address collocated transmitters and portable use. This equipment has been granted under FCC ID: IPH9603N, issued 12/29/2016. The equipment remains electrically identical as original equipment and information on record continues to apply. The change from the original application includes the addition of a 2.4 GHz frequency hopping spread spectrum (FHSS) transmitter system inside the portable host enclosure. The portable host device is manufactured by Garmin International as model A03185. The FHSS provides close range wireless communications with compatible equipment. The form 731 and application have been electronically submitted and any attachments will be up loaded to your web site for use in obtaining grant of certification.

Should you require any further information, please contact the undersigned. Thank you for your consideration in this matter.

Sincerely,

Scot Rogers
