RE: ATCB005809

FCC ID: J75503B for Sunrex Technology Corporation

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

1. The recently submitted user manual is identical to the first one provided. This manual appears to be incomplete because it doesn't contain instructions on how to change or select the channel on a device that operates on 5 different channels. How do you change channels on the keyboard transmitter?
2. (a) The submitted FCC ID Label has several "typos" or misspelled words in the compliance statement from Section 15.19(a)(3) of the FCC Rules on it. Please correct this statement to read exactly as it appears below:

"This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

(b) The logo for Declaration of Conformity (DoC) must be removed from the FCC ID label for the keyboard. The keyboard is not considered a Personal Computer (PC) peripheral since it does not connect to a PC computer by wires. Unless you can provide me with another reason for having the DoC logo on the keyboard, please remove the DoC logo from the keyboard. The logo that must be removed from the FCC ID label is pictured below:

3. Allen Lin is listed as the contact person for Sunrex Technology Corporation on the FCC Grantee Code Database. As such, he is the authorized person to sign the agent letter for Sunrex. Unfortunately Steven Chen has signed the agent letter submitted with this application. Please either provide a letter from Allen Lin giving Steven Chen the authority to sign the agent letter for Sunrex on this application or submit a new agent letter signed by Allen Lin for this application.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
