Model No. VX-2100D0-50, VX-2200-D0-50 and VX-2200-AD0H-50

Gentlemen:

We are requesting a Class II Permissive Change for the above listed FCC Identifier. These radios comply with the requirements of the FCC Part 90 regulations. There have been no changes in the basic frequency determining circuitry including multiplication stages.

The following part has been replaced:

RF power amplifier module

Original module name: S-AV32 (TOSHIBA CORPORATION)

Replace module name: RA60H1317M1A (MITUBISHI ELECTRIC CORPORATION)

This replacement part is electrically identical to the original part, including pin for pin compatibility.

Should you require additional information relating to these products, please do not hesitate to contact us.

Thank you and we would appreciate your consideration.

Best regards,

*Y. Tomita*
