Dennis:

Just one extra reminder. Please include the letter as a part of the filing so that we have on our record. If you have any questions, please feel free to contact Joe Dichoso or me.

Thanks,

Rashmi Doshi, PhD
Chief, FCC Laboratories

Dennis: Here is the letter we discussed in our teleconference this afternoon. As I stated over the phone, we have determined that the operations described in the letter are permissible. We expect to send a formal response confirming this shortly, but in the meantime there is no reason to hold up action on the application for certification provided it is consistent with the description in the letter and meets the relevant technical requirements. Thanks, Julius Knapp, Deputy Chief, Office of Engineering and Technology
