◎面に指示してない鋳造寸法の普通許容差は、MES CA 131による。
GENERAL DIMENSIONAL TOLERANCES OF AS-CAST NOT SPECIFIED
IN THE DRAWING SHALL CONFORM TO MES CA 131.
◎面に指示してないプラスチック部品の寸法の普通許容差は、MES CA 511による。
GENERAL DIMENSIONAL TOLERANCES OF PLASTIC PARTS NOT SPECIFIED
IN THE DRAWING SHALL CONFORM TO MES CA 511.

The product label is a permanent adhesive fixed on the rear sensor housing as shown in the above drawing. The label is designed to last the expected lifetime of the radar device in the environment in which the equipment is operated and is not readily detachable.

In a later stage of very high mass production direct laser labeling on the rear housing surface may be used as a further option.

The frequency authorization related label design is shown in the picture beside. The rest of the label space is used for product specific information and commercial logos.
