

23 April, 2002

**Letter of Attestation (KTF406-ELT)**

In accordance with the FCC Rules and Regulations regarding the Application of Equipment Authorization, DME Corporation attests to compliance with all testing methods and measurements required by the FCC, FAA and COSPAS-SARSAT for Emergency locator Transmitters (ELT).

Submitted as verification of this testing are the necessary test reports and the Type Approval Certificate (TAC 133) from COSPAS-SARSAT. FAA approval is expected within the next thirty days and will be submitted upon request from the FCC Laboratories.

Sincerely,

Michael Wooster  
Program Manager, DME Corporation
