Dear Mrs. Green,

In reference to the payment required for our submission to the FCC, DME had originally submitted a hard copy of our application and data package, which was rejected due to the FCC requirement to receive only electronic application material. Included with this hard copy was our check for both the FCC approval and confidentiality.

Apparently, from both your records and ours, that check was not received or processed. DME will be resubmitting the form 159 as well as the fees associated with this application immediately. I will inform both you and Mr. Leimer when the form has been submitted via the web site.

Thank you for your time and patience.

Sincerely,

Michael Wooster
Program Manager
