

GUIDELINES

1

FG: This equipment has been tested and found to comply with the limits for a Class B device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

Equipment generates, Uses and can radiated radio frequency energy and if not installed in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reposition or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Shielded interface cables must be used in order to comply with emission limits.

Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment.

Erklärung des Herstellers/Importeurs

Übereinstimmung mit den Bestimmungen der BMPT-AmtsblVfG 243/1991 funk-entstört
vorschriftsmäßige Betrieb mancher Geräte (z.B. Mobilsender) kann allerdings gewissen
Anforderungen unterliegen. Beachten Sie deshalb die Hinweise in der Bedienungsanleitung.
Das Bundesamt für Zulassungen in der Telekommunikation wurde das Inverkehrbringen d
es angezeigt und die Berechtigung zur Überprüfung der Serie auf die Einhaltung der
Bestimmungen eingeräumt.
