FCC Part 15 D Certification
Requests for Confidentiality

Gentlemen,

In accordance with 0.459 of CFR 47, CeoTronics AG hereby requests confidentiality of the Block Diagrams, Circuit Diagrams, Circuit Description, Parts Lists and Operational Description attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product which CeoTronics AG considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, CeoTronics AG considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

CeoTronics AG
