Product: MOBEXCOM DVR Digital Vehicular Repeater
Model: MOBEXCOM DVRS VHF
FCC ID: LO6-DVRSVHF

DVRS VHF does not create data. It repeats data created by Motorola mobile and portable radios and is compliant with P25 Phase I. DVRS VHF meets 9600bps per 12.5kHz channel. That effectively leads to 2x 4800bps per 6.25kHz.

We trust that the above attestation satisfies your requirements as this explanation was accepted for 2013 DVRS VHF Permissive Change.
