Request for Authorization of Section 2.925(e)

The device for which Active Control Technology Inc. seeks authority is small in size and does not lend itself to the placement of a label, with associated warnings and instructions, in accord with the FCC labeling requirements. For Active Control Technology Inc. to produce such a label, the size would be too small as to be useful to purchasers of the device. Accordingly, Active Control Technology Inc. requests authority to place upon the device an identification label such as the one depicted herein identified as LABEL FACSIMILE.

The additional information which is normally required to be included with the FCC Identification Number in accord with Part 15 of the Commission's Rules shall be located herein as portion of the draft manual attached hereto.

Accordingly, in accord with Section 2.925(e) of the Commission's Rules and past Commission decisions, Active Control Technology Inc., hereby requests authority to label its devices in the manner described herein.

The user instruction manual will have the full text of the FCC disclaimer printed in a prominent location as follows;

This device complies with FCC Part 15 and Industry Canada Rules and Regulations. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
